<b>DEPARTMENT NARRATIVES BY FUND .....</b>		<b>81-146</b>

**I offer for your consideration; the mayor's 2024 budget.**

It was evident in conversations with the Department Heads that every one of them takes their leadership role very seriously. I am very proud but not surprised with the level of cooperation and communication with Department Heads during our negotiation meetings. Again, this year, there were proposed positions that did not make my budget. I am confident that the creative endeavors within this budget document will enhance the overall operation of the City, if accepted by Council.

Our projected 2024 beginning fund balance is \$3,413,760.89 which is \$221,828.72 greater than the actual beginning in 2023. We expect to realize some savings in our ending 2023 budgeted amounts. The current estimated 2024 ending fund balance is \$1,661.432.43.

Even though the ending fund balance for the coming year seems healthy, it's important to remember that there are one-time funds or grant moneys that don't represent a funding stream of perpetuity. This ending fund balance ensures that we will meet our financial demands and are good keepers of the community trust.

The Public Works department has several projects slated for 2024. The list was whittled down to a manageable number in this budget cycle, so several linger for the future. Equipment Rental is healthy, but it needs to be carefully monitored and used properly to be the most effective. The department is using PubWorks for project management that is proving to be a really good tool.

Our new Fire Chief came to the table prepared! You will note that there is not a full-time firefighter in this budget and that is by design. It was refreshing to hear the plan our new Chief has to enhance the performance of the Department and volunteers. I wholeheartedly support his plan. Communication with our District partners continues to our mutual benefit.

Given the ups and downs and ever-changing aspects of community policing, it's great to report that the enthusiasm within the Police Department continues! Outreach efforts within the community have been phenomenal. We have realized great successes with the implementation of surveillance equipment and protocols. Additional equipment and staff training is strengthening our performance and the Department as a whole. There is an SRO position in this budget provided the offsetting funding stream can be realized. The request for an additional officer did not make my budget. We are at full-staff in numbers and are working on the boots-on-the-ground part. The Cops Grant and the grant funding for the Core Team program are in the budget. The programs are being well managed. The Chief and Rochelle continue to research avenues of funding for equipment and offsets in operation. Coordination of programs within the community is an ongoing endeavor. In unification, we will continue to see the results in a healthier community. With the implementation of a community group "TEAM ONE", members of the community will have an official opportunity to join in our efforts!

The budget is a living document. It is our job to ensure that funds are properly allocated and that the process of delivery is transparent.

Respectfully,

*Cindy Gagne*  
Mayor

# Glossary of Budget Terms

**Account** – A record of additions, deletions, and balances of individual assets, liabilities, equity, revenues, and expenses.

**Accrual Basis** – A method of accounting in which revenue is recorded in the period in which it is earned (whether or not it is collected in that period), and expenses are reported in the period when they are incurred (not matter when the disbursements are made). This method differs from the cash basis of accounting, in which income is considered earned when received and expenses are recorded when paid. All funds except the governmental funds are accounted on the accrual basis, and the governmental funds are accounted on a modified accrual basis.

**Administrative Services Departments** – Refers to organizational units or departments that primarily provide services to other departments or divisions. These include:

- **Legislative** – city council and its functions;
- **Financial Services** – the accounting, financial reporting, customer service, and treasury functions;
- **Personnel Services** – provides centralized personnel services to all city operations;
- **Administrative Services** – provides supervision of financial services and personnel services as well as budget, fiscal planning, tax and license, data processing, risk management, and other general administrative services;
- **Civil Service** – the independent panel that works with personnel/ hiring issues for the Public safety departments.

**Agency Fund** – A governmental accounting classification used to describe those situations where one jurisdiction is acting on behalf of another.

**Appropriation** – The legal spending level authorized by an ordinance of the city council. Spending should not exceed this level without prior approval of the council.

**Assessed Valuation** – The value assigned to properties within the city that is used in computing the property taxes to be paid by property owners.

**BARS** – The Budgeting, Accounting, and Reporting System for accounting systems prescribed by the Washington State Auditor’s Office.

**Benefits** – City-provided employee benefits, such as social security insurance, retirement, worker’s compensation, life insurance, medical insurance, vision insurance, and dental insurance.

**Budget** – A financial plan of operations for the city. It is a plan, not a list of accounts and amounts.

**Capital Improvement Program (CIP)** – The element of the budget that deals with the expenditure of funds on durable capital facilities and equipment, typically with a value of more than \$5,000.

**Capital Outlay** – A budget category that may be a part of a capital improvement program, or in the case of expending less than \$5,000 but more than \$500, is a part of the operating budget.

**Capital Project** – A single project within the Capital Improvements Program.

# Glossary of Budget Terms - Continued

**Costs Allocation** – The assignment of applicable costs incurred by a central services department (like “administrative services”) to a fund based on the benefit to the fund being assessed.

**Councilmanic Bonds** – Bonds that can be authorized by the city council without a vote of the public in an amount up to .75 percent of the assessed valuation of the city.

**Current Expense Fund** – See “General Fund”

**Debt Service** – Interest and principle payments on debt.

**Debt Service Funds** – The type of fund that accounts for the payment of debt service on general obligations of the city.

**Designated Fund Balance** – A portion of fund balance that has been designated by past council action for a specific purpose.

**Enterprise Fund** – A type of proprietary fund in which the direct beneficiaries pay for all costs of the fund through fees, or where a periodic determination of revenues and expenses is desired by management.

**Fund** – A self-balancing group of accounts that includes revenues and expenditures.

**GAAP** – “Generally Accepted Accounting Principles,” which are mostly determined by the GASB for governments.

**GASB** – “Governmental Accounting Standards Board,” which determines the underlying principles to be used in accounting for governmental

**General Fund** – The fund of the city that accounts for all activity not specifically accounted for in other funds. Includes such operations as police, fire, engineering, planning, parks, museums and administration.

**General Obligations** – Bonds or other indebtedness of the city for which the pledge made for repayment is the full faith and credit of the city.

**Governmental Fund Types** – Funds that provide general government services. These include the general fund, special revenue funds, capital projects funds, and debt service funds.

## **Intergovernmental Revenues**

– Interfund charges to pay for quasi- external transactions of the fund.

**Internal Controls** – A system of controls established by the city that are designed to safeguard the assets of the city and provide reasonable assurances as to the accuracy of financial data.

**Internal Service Funds** – A type of proprietary fund that accounts for the goods and services provided to other units of the city. Payment by the benefiting unit is intended to fund the costs of providing such services.

# Glossary of Budget Terms - Continued

**LEOFF** – The “Law Enforcement Officers and Fire Fighters” retirement system of the state that provides coverage for city public safety employees.

**Levy Rate** – The property tax percentage rate used in computing the property tax amount to be paid.

**Licenses and Permits** – A revenue category of the city derived from business licenses and building or development permits.

**LID** – “Local Improvement Districts.” A financing mechanism that permits the building of public infrastructure improvements which benefit a confined area and where the costs for those improvements are to be paid by the benefiting area land owners.

**Operating Budget** – The annual appropriation to maintain the provision of city services to the public.

**PERS** – “Public Employee Retirement System.” The state system for public employment retirement applicable in most cities for employees, except where LEOFF is applicable.

**Preliminary Budget** – That budget which is proposed by staff to the council and has not yet been adopted by the council.

**Proprietary Funds** – A group of funds that account for the activities of the city that are of a proprietary or “business” character. See “Enterprise Fund.”

**Public Safety** – A term used to define the combined budget of the police and fire departments.

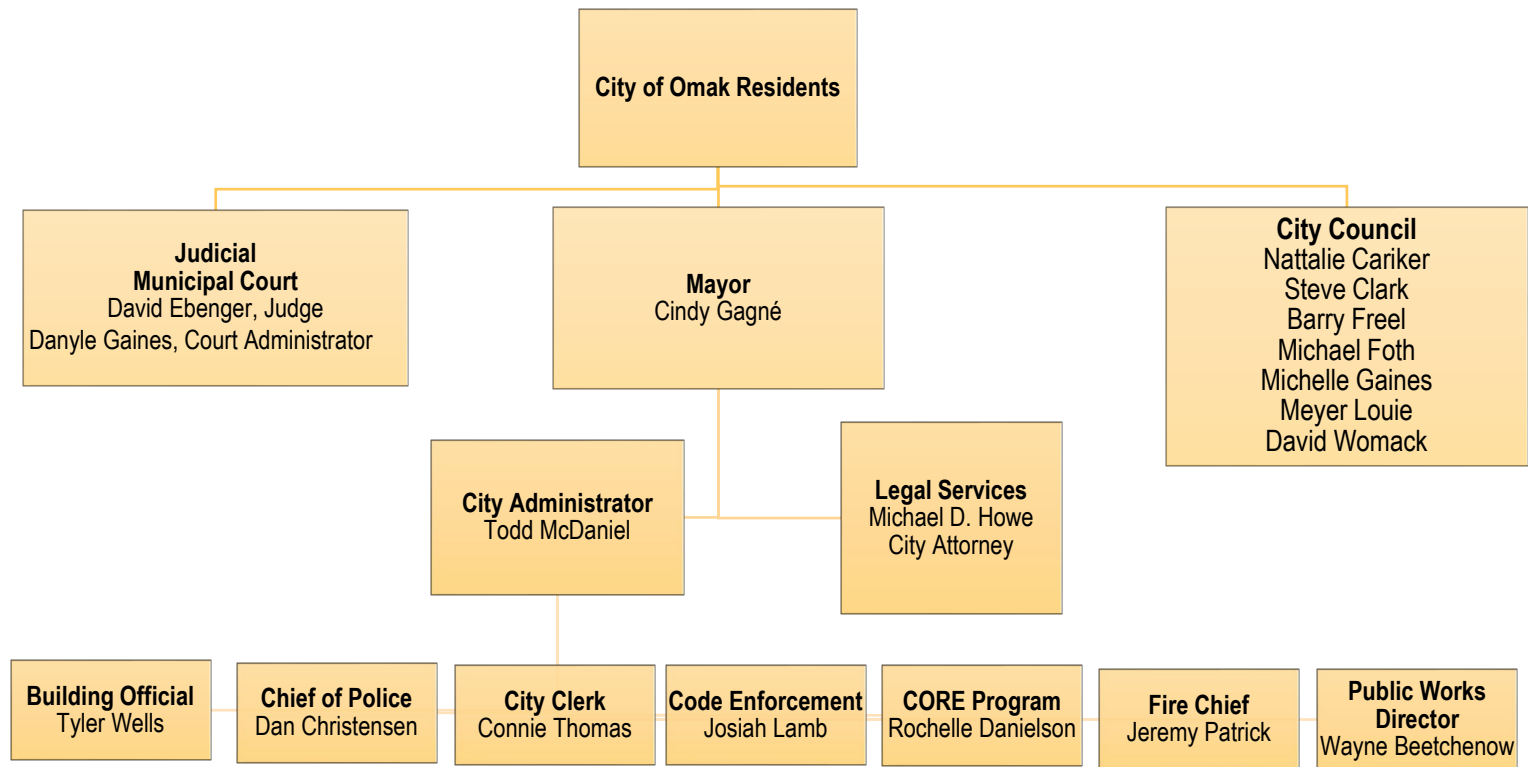

**Revenue Bonds** – Bonds sold by the city that are secured only by the revenues of a particular system, usually the water/sewer fund and the regional water fund.

**Special Revenue Funds** – General government funds for which the source of monies is dedicated to a specific purpose.

**Standard Work Year** – 2,080 hours a year, 260 days (except leap year).

**Working Capital** – The year-end balance of current assets less current liabilities.

### NARRATIVE OF YOUR EXPENDITURE REQUEST BELOW

I am requesting a 10% salary increase, which comes out to be \$32.66 per hour. When comparing rates, the Okanogan District Administrator Court salary is \$5,588, which is \$32.24 hourly. The district court administrator salary includes full time hours, with benefits of health and dental insurance, vacation and holiday pay, and retirement. I am currently part-time, with none of the above listed benefits and I feel the 10% increase will compensate for that.

Complete by           Danyle Gaines, Court Administrator

Hello Connie,

I fully support Dany's request for a 10% increase to her hourly wage to 32.66 cents per hour for 2024. Her position is court administrator.

I agree with the reasons for her request which are stated in the attached narrative.

Her work performance is excellent, and she is the essential employee of the court.

I would be happy to answer any correspondence in my support of her request for this increase in her hourly wage.

Thank you.

001-521-10-43-00 Admin Training and Travel- This is an increase realizing savings from 2023. The Chief is working towards attainment of Executive Certification through the Washington State Criminal Justice Training Commission. In 2023 a class part of a three series development required for certification was cancelled (September 2023 and rescheduled January 2024). The third iteration is scheduled for May of 2024 and will complete the FBI LEEDA Executive Certification recognized by CJTC. This also allows for attendance at WASPC Spring Conference. The Chief has elected not to attend the WASPC Fall conference for savings in the training category. The Chief is also seeking appointment to the FBI National school that is fully paid including travel and lodging at Quantico Virginia. The one week course if nominated and selected for small agency Chiefs is competitive on a national level. Only minor incidental costs associated with this training.

001-521-20-11-00 Salary and 001-521-20-20-00 Benefits. 2023 - \$857,155 salary \$423,540 benefits. In 2024 the Chief of Police is requesting to increase the staffing of the department by two personnel and elevating one position to Sergeant pay and benefits. The Omak School District is in negotiations with a School Resource Officer. Presently they have offered 70% of salary and benefits. This is not yet finalized as consideration for training, equipment and outlay is still in discussion. In addition, the officer works through June and partially August leaving only the month of July solely a city function. The data on call volume and primarily the volume of calls per officer is exceeding capability. Adding an additional position will help to alleviate calls per officer with a focus on increasing officer discretionary time. This is in addition to technology investments to better align staffing for service delivery. The Chief of Police utilized elevating an officer to Sergeant for 3 months and the Department realized improved efficiencies. The mandates placed upon the police department have only increased and continue. The sergeants are the operational function. They are also the quality control element in organization practice.

001-523-60-41-20 Budget Request of \$75,000 2024. This is an increase from the budgeted amount of \$35,000 for 2023. With the legislative changes in 2023 enacted re-criminalizing drug possession the legislature made this a misdemeanor crime from previously a felony. This will shift the costs of medical to municipalities. Our public had demanded more action from the police in regards to simple drug possession and this cost will be reflected in the medical category. With the increase in drug use from the last few years "re-envisioning" of policing this will lead to persons who are more medically frail in addition to new conditions and restrictions of the jail accepting persons suffering from drug use and co-occurring disorders such as mental health. The Chief anticipates this fund to increase in 2024 from previous levels and in accordance with the Jail Muncipal contract.

Budget Amount Approved in 2023: 30 extra hours

Budget Amount Requested for 2024: 35 extra hours

### NARRATIVE OF YOUR EXPENDITURE REQUEST BELOW

I am requesting 35 extra hours to be able to perform laboratory and process control work a few hours during holidays. By doing so I can capture some higher loadings as I did this year. That reflects an example with SunOpta loadings. I was able to be more accurate with the testing results for billing purposes.

### NARRATIVE OF YOUR EXPENDITURE REQUEST BELOW

I am requesting \$5,000.00 to install on demand tankless hot water heater in the dewatering building. The \$5,000.00 that I am requesting includes the tank and installation.

Polymer is a really sticky and corrosive coagulant and the best way to wash hands and clean tools and parts is with hot water. By having the ability of hot water we can also clean the polymer room floor for safer working environment.
